The **Clax Cart** is the perfect trolley for every day use. Excellent for schools, libraries, offices, hospitals, households and a variety of other applications, the Clax Cart is the most versatile trolley on the market. Made from plastic and aluminium, the Clax Cart is both sturdy and lightweight.

The trolley has a simple push button, providing effortless folding functions. It is easy to store and can be customised to suit your needs. It also comes equipped with a removable basket that can collapse for more space and the middle shelf can also collapse to transport larger objects.
