

NEW DESIGN

Safety Step

Richmond's famous Safety Step has gotten even better!

Our new Safety Step has the same great features as the original – a structurally reinforced underside which prevents sagging to give you full stability on a flat surface and indented sides.

But now it's even lighter at just 3.5kg and the improved grip tape makes gives you even more confidence get on and off repeatedly.

**IMPROVED
GRIP TAPE SURFACE**

**INDENTED
STEP**
