

Stack & Nest Crates

Stacking

When your stack & nest crates are full, you can sit them on top of one another without damaging the contents of the crate below.

Nesting

When not in use, our stack & nest crates will slide inside of each other nicely, minimising the amount of space they take up for storage.

New Transparent Stack & Nest Tubs!

These transparent plastic stack & nest tubs make sorting through your goods easy! Never lose track of what's in your tubs again with the see-through clear sides. Perfect for storing ingredients, tools, parts, documents and so much more!
