

# STAINLESS HEAVY INDUSTRIAL SERIES CASTORS

These new stainless steel Heavy Industrial Castors are suitable for loads of up to 400kg. Manufactured from grade 304 stainless steel, this premium heavy duty castor range is suitable for washdown applications.

Available with a choice of food grade nylon or our popular rebound polyurethane wheels in diameters ranging from 100-200mm. Stainless steel roller bearing options are available.

S6382SLB

## FEATURES OF THIS RANGE INCLUDE:

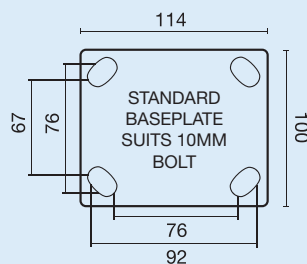

- Grade 304 stainless steel heavy industrial frame and swivel lock & brake assembly
- Polished finish on all metal components
- Grade 304 stainless steel upper & lower ball bearings for added corrosion resistance
- Stainless steel grease nipple for added lubrication
- Nylon head seal provides increased protection from water and other outside factors
