

Stainless Steel Coolroom Shelving

Richmond's range of stainless steel coolroom shelving is ideal for any wet or dry environment. These shelving units feature heavy duty clip-on shelves, 304 grade square stainless steel frames and a versatile 4 tier design.

SHE002 1500mm wide coolroom shelf stocked with a range of Richmond's food grade plastics

SHE001

Food Grade Material

Stainless steel frame and food grade polypropylene shelves designed for food handling & storage.

Perfect for wet areas

These units are rust and mould resistant due to their 304 grade stainless steel frame and clip-on plastic shelves.

Easy to clean

The clip-on shelves are dishwasher friendly and can be removed one by one for convenient cleaning.

Adjustable shelf heights

Four shelves are supplied with each unit and can be positioned at individual heights using a notch system.

Quick and easy assembly

The shelving is supplied flat packed for easy handling and is easy to set up.

Adjustable feet

These units are supplied with screw-in adjustable feet, but stainless steel castors are also available for increased mobility.
