

Workbench Castor Kits

- Easily lift and reposition your workbench
- Suitable for workbenches up to 400kgs
- 4 free-swivelling 75mm (3") diameter polyurethane castors
- Available in two mounting options: fixed or quick release
- Mounting hardware included for easy installation

Product Code	Mounting Type
WBC001SET	Bolted to workbench
WBC002SET	Spring loaded quick release

How to Operate

To lift your bench off the ground, simply push down the foot pedal on all four castors.

1. Use your foot to press down on the pedal. Once all 4 pedals have been activated, workbench will be raised for easy repositioning.
2. Raise pedal to lower workbench into position.
